

Gloucestershire County Councils Transport Asset Management Plans:

‘Gloucestershire County Council engages with members to ensure they are better informed’

Name of Alliance/Authority/Client	Gloucestershire County Council
Project Description	Significant engagement took place with Members about the link between resources and levels of service provision in highways; demonstrating that there are clear linkages between corporate objectives and highways.
Outcomes and benefits	The project provided a document which could easily be used to engage Members about changes to service levels in order to facilitate future reductions in revenue spending.

About HMEP

- **HMEP exists to help transform and improve the condition of our roads and highways for every local community.**
- **HMEP is results driven;** from potholes to procurement; labour and plant costs to shared services; contracting to supply chain reviews, HMEP’s tools and resources can help.

Context

- Managing local highways is now a **critical challenge** for local authorities who **are in the spotlight and feel concerned about the future of their** single biggest asset: **local roads**.
- They know that maintaining **their highways, with less money**, is a key priority; and that this has been intensified following the bad weather and **continued demand and scrutiny** from the public and business leaders.
- Doing **more with less** and finding **new ways of resourcing and working** has never been more important, or needed.
- Balancing **longer-term**, strategic planning while **keeping our local roads safe and serviceable** is a critical challenge.
- The Highways Maintenance Efficiency Programme (HMEP) can help you to **plan and deliver greater efficiencies** so that local highways **funding can be fully maximised and go further**.
